Malabon City  
jaysonbernante@gmail.com | 0977-130-1659

Aspiring Web Developer currently in my 4th year pursuing a Bachelor's Degree in Information Technology at Datamex College of Saint Adeline. Skilled in both front-end and back-end development, with a passion for creating efficient and user-friendly web applications. Actively seeking an entry-level developer role to apply my technical skills, contribute to innovative projects, and grow in a collaborative professional environment.

## Education

---

**Datamex College of Saint Adeline** – Valenzuela City  
Bachelor of Science in Information Technology  
Expected Graduation: June 2027

## Case Studies

---

### Capstone: **Web-Based Gym Management System with RFID-Based Membership for Lingunan Fitness Gym**

- Designed a web-based system that automates gym operations including member registration, attendance tracking, subscription monitoring, and payment management.
- Integrated RFID-based membership for fast and accurate member identification and real-time attendance logging.
- Developed a centralized system with admin dashboard, database management, and reporting tools to improve gym efficiency and data accuracy.

### Quantitative Methods: **Online Feedback Management System**

- Designed a web-based system for collecting and managing student feedback efficiently.
- Designed a web-based system for collecting and managing student feedback efficiently.

### Application Development: **Food Brawl**

- Created a 1v1 multiplayer 2d game using VB10 with an engaging and interactive user interface.

### Web System: **Web-Based Small Store POS**

- Built a simple yet functional point-of-sale system using modern web technologies to streamline store transactions.

## Technical Skills

---

Front-End Development: **Bootstrap, TailwindCSS, JavaScript**  
Back-End Development: **PHP, Python, Django, RestAPI**  
Database Management: **MySQL**  
Version Control: **Git, GitHub**  
Desktop Development: **Visual Basic 2010 (VB.NET)**
